A captain of a company in a neighboring county sent a special courier to Sumter last week with a letter to one of the horse dealera stating he was expecting his company to be called out at any moment to engage in war with Spain and wanted to know the most reasonable terms on which the dealer would foreish horses for his company.

### A SPANISH NAME.

Mr Editor : Will there be war? Will the navies of America and Spain meet on the blue waters of the restless! Atlantic and engage in fierce battile? Judging from the varied re- Presented and Approved for First ports of the Spanish-American troubles which have been appearing so plentifully in the newspapers for the past several weeks, we will have to wait on time for an answer to our two questions. It may even be that war has already been declared, so rapidly have 1473 Oct 15 P A Sanders road work &c 10 00 events been succeeding each other. We, however, did not intend to write an essay on the subject of a proposed war, but we wanted | 1466 " 15 26 J David Races r'd ov'r 8 80 to call attention to the fact that we have an interesting and familiar name in Privateer Township which is a Spanish word and it is not confined to this township either, for it is found in many other sections of the South. That name is "Savanna."

The fact that this is a Spanish name was brought to our attention several years ago by a gentleman who is a student of the Spanish language "Sabana is the Spanish way of spelling it, but the b and s are interchanged here as in the case of Havana, which is Habana in Spanish. Sabana bas three meanings in the Spanish language; "bed-sheet, altar-cloth, and prairie." It is evident that the last is the meaning of the word when applied to sevannas in our country. We need not tell our readers what savannas are, for they are familiar with these curious formations which present so blue and pretty an appearance when covered by water.

Doubtless our readers in Privateer Township, as well as elsewhere, will be surprised on reading this article to learn that this name, with which they are so familiar, is a Spanish. McDONALD FURMAN.

Its hand against a brother, on its forehead

Would wear forevermore the curse of Cain ! Down the dark future, through long generations.

Greenville, S. C, April 11 -An other evidence of woman's love was given to-day. Dr. W.
